

KLINPERL

CONCENTRATED WAX CLEANER FOR GELCOAT AND PAINT

DESCRIPTION

KLINPERL, rich in active matters and washing agents, allows a perfect solubilization of traces of grease, mud, salt...

KLINPERL contains sequestering agents anti-liming, which disaggregate calcareous film deposited on the hull.

KLINPERL does not attack the light alloys, chromium, stainless, polycarbonate and does not opacify glass.

KLINPERL is a product free from silicone and derivatives. There is no need to be concerned in case of painting the hull.

Its formulation leaves an auto-drying protective film on cleaned surface and gives back the brightness to the gelcoat, paint, light alloys, stainless on repeated cleaning.

TECHNICAL DATA :

Physical state : Viscous Liquid

Colour : Yellow.

Odour : beeswax.

pH : 8

Flash point : > 60 °C

Relative density : 1 +/-0.03

INSTRUCTIONS OF USE :

KLINPERL is a concentrated cleaner which must be diluted before use.

Rate of dilution : 25ml for 5 litres of water. Well mix the solution cleaner/water.

Apply with a soft brush or a sponge.

Rub the hull.

Rinse with clear water.

KLINPERL is an economic product, which enables you to carry out 40 cleanings with only 1 litre of product.

For your information, the overdose of the product will not result in more brightness.

Ref. 451M.05 - Bottle 500ML

Ref. 451M - Bottle 1L

Ref. 451M.5 - Bottle 5L

Shelf life : 3 years

Keep out of the reach of children. Reclose the packaging after each use.

Exposure to sun and extreme temperatures should be avoided. Keep out of direct sunlight.

Always carry out a test prior to use on the surface to be treated to determine suitability and the appropriate contact time. Before use, read the label safety section for Health and Safety Information or request the safety data sheet to servicetechnique@mattechm.fr.
